MedTASS 2013

3th MEDITERRANEAN TRANSPLANTATION ANESTHESIOLOGY
AND SIMULATION SYMPOSIUM

April 12th - 13th 2013 - Villa Ignea, PALERMO

Dear colleagues,

It is our honor and privilege to invite you to the 3rd Mediterranean Transplantation Anesthesiology and Simulation Symposium (MedTASS), which will take place at the beautiful and historic Villa Ignea in Palermo, Sicily on 12-13 April 2013.

Local, national and international experts will present up-to-date reviews of current standards of practice in the perioperative anesthetic and intensive care management of solid organ transplantation and other major abdominal and thoracic surgeries. Pro/con debates on difficult case presentations will allow active audience participation with a panel of experts.

Unique to this conference will be the use of medical simulation to teach and demonstrate critical scenarios encountered in the operating room and intensive care unit in our daily practice. Attendees will participate in interactive sessions dealing with intraoperative decisions in real-time crisis management scenarios.

We look forward to welcoming you to Palermo in April 2013.

Antonio Arcadipane, MD
